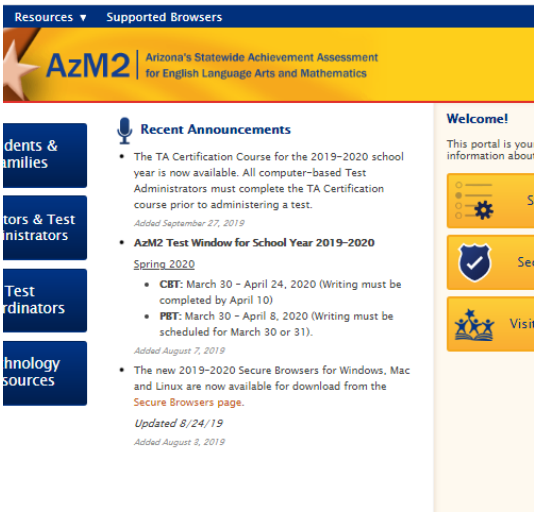
BENCHMARK ASSESSMENTS

Our students participated in mid-year benchmark assessments through Galileo and DIBELS. The information gleaned from these experiences allow our teachers to plan meaningful lessons and truly align their instruction to target specific student needs.

CAMPUS BEAUTIFICATION

Do you have a planters around your home that are unused? We would like to brighten up the area around the K-5 Gym with potted trees and plants. Please connect with Gloria Pulido if you have items to share! gpulido@plccharterschools.org - Thank you!



AZMERIT IS NOW AZM2!

The statewide assessment for grades 3-8 has changed its name to AzM2! Student performance on all assessments, including state assessments, provide information about student learning allowing AAEM to identify achievement gaps.

AzM2 testing will begin after Spring Break, however it's not too early to begin discussing the importance of these assessment experiences with your children.
